DIARY NOTES

DD/S

27 March 1967

1. Employee Indoctrination--FBI Interest : Today Howard Osborn advised that FBI representatives had been attending several sessions of employee indoctrinations as the Bureau is planning to introduce a similar-type program.

2. Polygraph--Agency Justification for Use of: Today Mr. Helms advised that we should prepare a letter justifying our use of the polygraph which would be sent to John Macy and might perhaps accompany the proposed Executive Order to the President. It appears now that this letter will be needed when we forward our proposed regulations to Mr. Macy requesting his approval for our use of the polygraph. The letter is still in draft form and will be completed shortly.
